Treated for Protection
Against Wood Rot & Decay

Vigoroot advanced **air-pruning fabric** creates a super-strong root system. Air pruning happens when roots are exposed to air. The roots are effectively "burned" off, causing the plant to constantly produce new and healthy branching roots.

The main root grows straight down towards the drainage opening at the bottom

The root tip makes contact with the air and dies off

The plant then produces new root growth, with no root balls

- Last for 5+ years indoors or out

tdi carts & trunk liners®

Why TDI Carts?

Easy to Maneuver • No Assembly Required

Nestable with the top shelf up or down

Zinc plated + protective clear coat finish = decades of use

Cart Care Guidelines

They're a business investment, regular maintenance and repairs will extend the life of your shopping carts.

1. KEEP CARTS CLEAN

Clean all cart surfaces with mild soap & water. Use citrus degreaser on any grease/oil deposits. Rinse well with water.

2. INSPECT/ADJUST

Carefully check all parts of the frame, wheels, yokes, shelves, basket, & seat belt for damage, wear, and/or rust. Tighten any loose bolts. Check & adjust brakes if necessary.

3. LUBRICATE

Using a spray lubricant or light grease/oil, lube all swivels, bearings, and pivot points and grease fittings. Spray lube inside any frame tubing weep holes to help prevent rust.

4. REPAIR/REPLACE

Any worn or damaged parts should be replaced with original TDI replacement parts. See catalog for options, pricing, & model numbers.

5. TOUCH UP/PROTECT

Any rust spot or worn area can be sprayed with a light touch up of paint to make the cart look like new, and it will also make it resistant to corrosion for years. A coating of clear lacquer is also recommended for areas that are touched up to provide further protection and shine.

Tackle Any Terrain

With a variety of wheel types, you can pick the cart & wheel combo that makes the most sense for your location.

- Tiled or Smooth Concrete Floor
- Loose Gravel, Rough Terrain
- Coarse Gravel, Mulch, or Mud

How Many Carts Needed?

We recommend 1.2 carts per parking space...
